MISSING NUMBER

4	99	2
3	55	7
88	11	6

As per your date of birth, your missing numbers are highlighted!

Missing numbers which didnt come in the Lo Shu chart

Missing Number 4

If number 4 is missing in your chart, you may struggle with organizational skills. Following a fixed routine or working under strict rules can feel challenging for you. You may also experience moments of low self-esteem, especially when comparing yourself to others who appear more structured or disciplined. To overcome these challenges, you need to consciously build patience, tolerance, and consistency in your daily life. Developing a simple routine and sticking to it will help you become more stable and confident.

Missing Number 2

If number 2 is missing in your chart, you may experience a lack of sensitivity and intuition in your personality. You may become impatient, unpunctual, and often feel the need to explain or justify your action even when it isn't necessary. At times, you may leave tasks incomplete but still try to give explanations for them.

Because this number is missing, you tend to ignore your inner voice, even though it could guide you in the right direction. Learning to trust your intuition and creating emotional balance will help you move through life with more ease and clarity. Your key lesson is to understand how to live a balanced, calm, and harmonious life.

Missing Number 3

If number 3 is missing in your chart, it indicates a lack of self-confidence. You may find it difficult to express yourself clearly in many situations. When you face distractions or roadblocks, you might struggle to think logically or make clear decisions. This missing number can make it harder for you to organize your thoughts, plan ahead, or communicate your ideas confidently. Building inner confidence and improving communication skills will help you overcome these challenges.

Missing Number 7

If number 7 is missing in your chart, you may tend to live a self-absorbed or inward-focused life. This missing number can make you appear inconsiderate or insensitive at times, not because you lack kindness, but because you struggle to understand or respond to others'™ emotional needs. You may also find it difficult to stay organized in your daily life, which affects your routine and productivity. Another challenge you face is a lack of independence you may depend on others more than you should for emotional or practical support.

To bring balance, you must learn open, honest, and free-flowing communication. When you start expressing your feelings clearly, you become more relaxed around people, and your relationships naturally improve.

NAME ANALYSIS

Your Name is not an accident. Your Name number must be aligned with your Birthday number(Moolank) as well as Life Path Number(Bhagyank). If your life path number says the purpose of birth of your soul then name number says how you are going to achieve that purpose.

Likewise, your Birthday number is your special talent you got from god and Name number provide strength to that. If Name number is aligned with your Birthday number and Life path number then your life journey will be smooth and you will be able to achieve your maximum potential. There are two important popular method in Numerology to decide Name number, one is Pythagorean and another one is Chaldean.

Steps to find your Name number as per chaldean numerology :

1. write out your full name, and place the appropriate numerical value against each letter.
2. Add the numbers of your first name, and then reduce it to a single digit.
3. Do the same for your middle and last names.
4. add the three single-digit numbers from above steps, and reduce them to another single-digit number to find your Name number.

Here is the example of How to calculate Name numbers:

For example of Name MOHANDAS KARAMCHANDRA GANDHI

MOHANDAS : $4+7+5+1+5+4+1+3 = 30 = 3+0 = 3$

KARAMCHANDRA : $2+1+2+1+4+3+5+1+5+4+2+1 = 31 = 3+1 = 4$

GANDHI : $3+1+5+4+5+1 = 19 = 1+9 = 10 = 1+0 = 1$

Total: $3+4+1 = 8$

Name Number is 8.

Alphabet value in Chaldean:

VASTU DOSHA AS PER MISSING NUMBER

4	99	2
3	55	7
88	11	6

As per your date of birth, your missing numbers are highlighted!

Missing numbers which didnt come in the Vastu chart

Missing Number 4

If number 4 is missing in your chart, you may struggle with organizational skills. Following a fixed routine or working under strict rules can feel challenging for you. You may also experience moments of low self-esteem, especially when comparing yourself to others who appear more structured or disciplined. To overcome these challenges, you need to consciously build patience, tolerance, and consistency in your daily life. Developing a simple routine and sticking to it will help you become more stable and confident.

Missing Number 2

If number 2 is missing in your chart, you may experience a lack of sensitivity and intuition in your personality. You may become impatient, unpunctual, and often feel the need to explain or justify your action even when it isn't necessary. At times, you may leave tasks incomplete but still try to give explanations for them.

Because this number is missing, you tend to ignore your inner voice, even though it could guide you in the right direction. Learning to trust your intuition and creating emotional balance will help you move through life with more ease and clarity. Your key lesson is to understand how to live a balanced, calm, and harmonious life.

Missing Number 3

If number 3 is missing in your chart, it indicates a lack of self-confidence. You may find it difficult to express yourself clearly in many situations. When you face distractions or roadblocks, you might struggle to think logically or make clear decisions. This missing number can make it harder for you to organize your thoughts, plan ahead, or communicate your ideas confidently. Building inner confidence and improving communication skills will help you overcome these challenges.

Missing Number 7

If number 7 is missing in your chart, you may tend to live a self-absorbed or inward-focused life. This missing number can make you appear inconsiderate or insensitive at times, not because you lack kindness, but because you struggle to understand or respond to others'™ emotional needs. You may also find it difficult to stay organized in your daily life, which affects your routine and productivity. Another challenge you face is a lack of independence you may depend on others more than you should for emotional or practical support.

To bring balance, you must learn open, honest, and free-flowing communication. When you start expressing your feelings clearly, you become more relaxed around people, and your relationships naturally improve.

Remedies for Moolank (BirthDay Number)

NUMBER 6 :

Suggestions:

You are driven by a number that represents love and romance. This makes you very good at showing love to others, but deep inside, you also desire to be loved just as much in return. Many times, this longing becomes a weakness for you. You get easily attracted to the opposite sex, and sometimes this leads you into trouble.

Another challenge is your pride you genuinely help others and consider yourself caring, but this can unintentionally create ego within you. When this ego appears in your behaviour, it causes issues in relationships. It's important for you to balance your pride and ego and to keep your emotions under control.

Overall, you are someone who enjoys and attracts luxury in life. God bless you.

Recommendations:

1. Give yourself some 'me time' it will help you relax and stay emotionally balanced.
2. Maintain a balance between pride and ego, and consciously manage your emotions.
3. Keep an eye on any bad habits or addictions.
4. Watch your expenses sometimes you spend more than necessary just to show off.
5. Avoid jealousy and do not entertain any feeling of revenge.

Rituals:

1. Pray to Maha Laxmi every Friday for abundance, harmony, and emotional balance.
2. If you are a male, always give respect and honour to your wife.
3. Give genuine respect to all women, as it helps balance Venus energy.
4. Feed cows and calves regularly for peace, blessings, and positivity.

Dontation :

1. Donate white-colored clothes to beggars or the needy.
2. Donate white sweets as an offering or charity to strengthen positive Moon energy.

Wear:

1. Wear a Heera (Diamond) only after proper consultation, so you receive correct guidance regarding its suitability and the right method of wearing it.

Yoga & Pranayamas :

Yoga :

Do Surya Namaskar daily, as it helps balance all three doshas Vata, Pitta, and Kapha and keeps the body healthy and

energized.

Pranayamas:

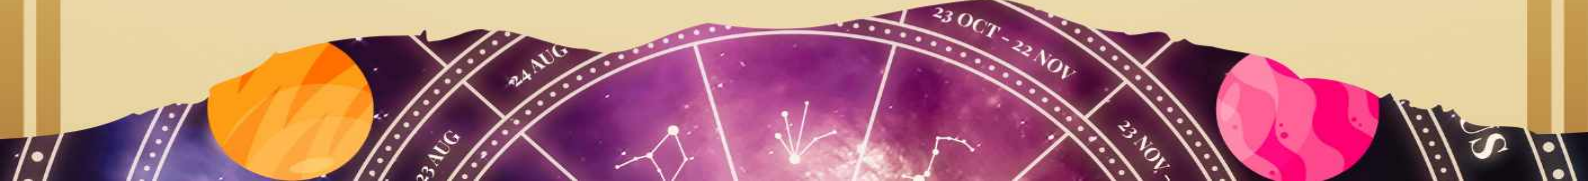

Do at least one of the following pranayamas daily or practice all of them if possible to maintain good health:

- a. Nadi Shodhan Pranayama
- b. Bhastrika Pranayama
- c. Ujjayi Pranayama
- d. Brisk walking (not a pranayama, but highly beneficial)
